Army Engineers To Study Flood Control

Farmers, merchants, county and state officials, professional men and housewives gathered in the auditorium of Washington Union High School on Tuesday evening to make known to the U. S. Army Corps of Engineers their deep concern in a federally supported flood control and water conservation project for this area.

The meeting was arranged by the Corps of Engineers, U. S. Army, San Francisco District, Colonel F. S. Tandy, commandant, and was called for a review of the report made by the Chief of Engineers on Alameda Creek dated May 21, 1942.

Harry Bartell, chairman of the Alameda County Board of Supervisors, presided over the meeting and introduced Colonel Tandy and the other speakers.

AWARE OF NEEDS

Colonel Tandy pointed out to the audience that as a former resident of Oakland he is well aware of the water problems of this vicinity, recalling that he has hiked through Niles Canyon many times as a youth.

He stated that the purpose of the meeting was to prepare adequate records to determine if, from an economic standpoint, the need for a flood control plan here is sufficient to justify the necessary expenditure.

Prior to the water meeting at the High School Tuesday evening, the county, state and federal officials and members of the Alameda County Water District were guests of the Oakland Chamber of Commerce at a dinner given at the International Kitchen.

According to Colonel Tandy, if it is apparent that the need for flood control and allied purposes has grown more acute here since the survey of 1942, another survey may be authorized and the resulting recommendations submitted to Congress for action.

MANY BENEFITS

By allied purposes, mentioned in connection wtih flood control, Colonel Tandy stated that it would include water conservation, fish and wild life, major drainage problems, power development and recreation.

The area included in the Alameda Creek watershed, which would be the subject of the survey, includes 660 square miles of land in Alameda, Contra Costa, San Joaquin and Santa Clara Counties.

W. D. Patterson, head of the Alameda County Water District, outlined the needs of the district in controlling flood waters and conserving its underground water tables.

He asked that the project include the straightening and dredging of Alameda Creek from the Western Pacific railroad bridge at Niles to San Francisco Bay. He stated that by dredging the creek bed it would re-open gravel beds, allowing percolation of the water into the underground water tables.

YOUTHS MAY NOW REGISTER FOR DRAFT AT NILES

Authorization for the opening of a draft registration center in Niles, to serve all of Washington Township, was authorized Wednesday, according to an announcement by Mrs. Gail Chalstrom, Alameda County coordinator for selective service.

Acting on the recommendation of Manuel Lewis, Centerville, a member of selective service board 54, Mrs. Ella Jolliff, secretary at the office of the Ellsworth Company at 605 First Street, Niles, has been appointed registrar for this area.

This week's action was the result of the endeavors of Lewis to make draft registration for local youths more convenient. Since the closing of the draft office at San Leandro it has been necessary for youths to go to Berkeley to register.

Mrs. Jolliff, who served as assistant clerk of Draft Board 75 here for four years during the war, volunteered to donate her service as registrar and Lewis immediately forwarded his recommendation to the county headquarters.

The office here will be open from 9 a.m. to 12 and 1 to 5 p.m. daily except Saturdays, when it will close at noon.

Lewis warned that all male residents of this area are required to register within five days after reaching their 18th birthday.

BAPTIST CHURCH OPENS IN NILES

Beginning this Sunday and continuing each week thereafter, Baptist services will be held in Niles at 3 p.m. at 151 I Street, according to an announcement by the Rev. G. Archer Weniger, pastor of the 23rd Avenue Baptist Church of Oakland. The new church is to be affiliated with the Conservative Baptist Association of America.

The Conservative Baptist Association, with the cooperation of many of its churches, is establishing the church in Niles.

The pastor of the new church is a youthful Gospel preacher, Mr. William F. Hunter, a graduate of the Northwestern College of Minneapolis. He is temporarily living in Oakland but plans, together with his wife, Florence, to move to Niles as soon as possible. For the present he may be reached by writing P. O. Box 398, Niles.

Mr. Truett Kolb, song leader and pianist, will assist in the services here.

The initial meeting on Sunday will feature Robert F. Hakes, song leader and trumpeteer; Miss Helen Sobaje, popular Gospel organist and pianist, and a male quartet from Oakland. Mr. Hunter's first Bible message will be entitled, "And This is the Record."

IMPROVEMENT SLATED . . . The above photo was taken last year by The Register to show the danger of the railroad underpass east of Niles, calling for action from the State Highway Department. The Register was notified this week that the dangerous blind turn is to be eliminated through a roadway widening project.

State Will Alter Dangerous Highway Underpass on Niles Canyon Road

The dangerous Niles Canyon railroad under pass one and one-half miles east of Niles, at the S. P. steel bridge, site of numerous highway crashes, is to be improved by the Department of Public Works, Division of Highways.

G. T. McCoy, state highway engineer, has announced that sealed proposals for the improvement of .02 mile of the highway on both sides of the Southern Pacific underpass will be opened on October 19 at the State Highway Engineering office in San Francisco.

The improvement will consist of extending the roadway on the west side of the underpass toward Alameda Creek and widening the curve on the east approach to eliminate the turn in the underpass.

The turn at present is so sharp that multiple-unit trucks are unable to negotiate the turn without pulling onto the wrong side of the highway, endangering vehicles approaching from the opposite direction.

The Highway Department pointed out that it is unable to eliminate the turn because of the angle at which the roadway crosses under the railroad, but by widening the approaches on both sides it will give vehicles a straight roadway through the underpass.

The action taken this week by the Highway Department was instigated last year by The Register with a series of candid photos taken at the site depicting the large trucks negotiating the turn crossing over the center line of the highway.

The Register won the support of the Niles Chamber of Commerce in its campaign for highway improvement at the dangerous underpass.

(The Register's campaign for highway safety, unlike a so-called campaign now underway in this area, was not conducted on a commercial basis and was financed solely by this newspaper.—The Editor.)

SAFE-CRACKERS STRIKE AGAIN; GET $1,400 LOOT

A safe-cracking gang made another call in Washington Township early Wednesday morning in Alvarado and left their usual calling card of a battered safe with its contents missing.

The store burglarized this week was the general merchandise store of Benjamin Matsumoto at 1471 Smith Street, opposite the Alvarado Fire Station.

UNAWARE OF BURGLARY

Entrance was gained by forcing the front door and the 250-pound safe was rolled or carried out to a waiting truck.

The battered safe was found about 7 a.m., on the Patterson Ranch in a field one mile south of Lowrey Road by Frank Roderick, ranch foreman. He immediately called the sheriff's office and when Mr. Matsumoto was contacted by telephone he was not yet aware of the burglary.

He estimated today that between $1,000 and $1,500 in currency and coins was missing from the safe. Checks, bonds and other papers were left in the safe.

THIRD BURGLARY IN 3 WEEKS

The safe, with its combination punched off, was left in the field in the same fashion that a safe from the P. G and E. office in Sonoma was found battered in a field near Newark last week.

Two weeks a go the Cloverdale Creamery in Centerville was the victim of a safe-cracking gang but in that burglary the safe was not removed from the building.

NILES BUSINESSMAN TAKES OWN LIFE

The body of Otto Moore, 55, Niles filling station operator, was found Tuesday in his car parked on the old Altamont Pass Road 10 miles east of Livermore.

Moore, who has operated the station at First and G Streets in Niles for the past several months, presumably took his own life by inhaling carbon monoxide fumes.

Ernest Munos, 52, of Altamont, who discovered the body, told officers that he had seen the car there Sunday but did not investigate until Tuesday morning.

NILES BURGLAR PLEADS GUILTY

Eugene Foye Dagle 26-year-old resident of the Niles Trailer Count, pled guilty to one count of burglary and was certified to the Superior Court for sentence last Friday in the Niles Justice Court.

Dagle had previously admitted burglarizing the Frick Sport Shop, where he was formerly employed, and the Musgrove Service Station in Niles. However, the latter count was dropped by Judge E. A. Quaresma on motion of the district attorney when Dagle pled guilty on the first count. Both burlgaries took place last spring.

Sheriff's deputies found loot from both of the business houses in Dagle's living quarters in a Niles trailer camp.

NEWARK PROTESTS NEW BUS SCHEDULE

Protest of the change of schedule of the morning northbound bus through Newark was voted Tuesday evening by the Chamber of Commerce and a letter requesting the return to the former schedule sent to Harry Gaeta, president of Peerless Stages.

According to Secretary Ray Alberts, the northbound bus into Oakland formerly departed from Newark at 7:45 a.m. and has been shifted to 7:58 a.m. Members of the Chamber reported that many commuters are now unable to use the bus to arrive at their jobs on time.

The business meeting was cut short to afford the members an opportunity to attend the water meeting at he high school.

MISSION WINERIES TAKE 11 AWARDS

Two Mission San Jose wineries, Weibel and Los Amigos, were awarded 11 medals last week at the Los Angeles County Fair for their outstanding entries.

Los Amigos received a gold medal for its Pinet Noir; silver medals for Sherry, Zinfandel, and Souvignon Blanc; and a bronze medal for its Rose.

The Weibel winery took a gold medal for Pink Champagne; a silver medal and the highest award for its California Champagne; silver medals for Chablis and Grey Riesling; and a bonze medal for its Zinfandel.

FARM CENTER PAYS TRIBUTE TO WARM SPRINGS 4-H CLUB

Youths of the Warm Springs 4-H Club, only 4-H Club in Washington Township, were special guests of honor at the Monday evening meeting of the Washington-Eden Farm Bureau Center at Washington Union High School.

Mrs. Martha Faria, county council chairman, presented flag sets to the Warm Springs Club and leaders' pins to Mervin Williams and Mrs. Mabel Santos.

13 MEMBERS HONORED

Tom Greer, Livermore, president of the Farm Bureau, presented Achievement Pins to 13 members of the honor club. Receiving the awards were: Harry Avila, Robert Brazil, Amilio Carrillo, Jim Coelho, Lorraine Coelho, William Coelho, Frank Galvan, Jeanette Jibson, Clyde Marks, Paul Santos, Frank Serpa Jr., Patricia Weigel and John Yeakey.

Manuel Abreu of Centerville, chairman of the local center, appointed a nominating committee composed of Herbert Young, Mt. Eden, Richard Johnson Jr., Warm Springs, and Bruno Arsetti, Centerville, to select a slate of candidates to be voted on at the October meeting.

WOULD CHANGE ELECTION

The group voted endorsement of a resolution recommending that directors of the County Farm Bureau be elected directly by the Centers instead of by the general vote of the Farm Bureau. It was pointed out that under the proposed plan the local Washington-Eden Center would have approximately eight directors. This action will be studied at the next regular meeting of the Farm Bureau to be held on October 7 at 8 p.m. at the Pleasanton Fair Grounds.

TO SPEAK ON DECENCY

Mrs. H. A. Horsehell will be the speaker at the meeting of the Catholic Women, to be held at 8 p.m. at the parish house in Niles.

Mrs. Horsehell, chairman of the Legion of Decency of the Alameda County Council of Catholic Women, will illustrate her talk with movies.

39 Steel Workers Charged With Benefit Check Fraud

A crackdown by the Department of Employment in Hayward on Wednesday against persons fraudulently receiving unemployment compensation checks, resulted in 45 men, 39 of which are employees of the Pacific States Steel Mill at Niles, being charged.

The complaints, filed in the Justice Court of Judge Jacob Harder Jr., Hayward, by Patrick J. Cronin, chief investigator of the department for the bay area, charges the men with accepting illegal benefits.

According to Cronin, the men began receiving checks from the department during a lay-off last March, then failed to cancel the monthly benefit checks when they were re-employed.

BAIL SET AT $300

He said that the men, who face sentences up to $500 and six months in jail for each violation, received illegal benefits ranging from $20 to $200.

Bail for each of the men has been set at $300 by Judge Harder and the last of the group was expected to be rounded up yesterday to either post bail or be held in custody pending arraignment in the Hayward court on Sept. 28.

DEFENDANTS NAMED

Walter Black clerk in Judge Harder's court, yesterday listed the defendants as follows: Pedro Alejandres, William H. Anglesberg, Theodore Briones, Louis Campa, Domingo Carabello, Gilbert Galarsa, Ed Gilbert. Fidel Gonzales, Hector Gonzales, Jobie Griffin, Rafael Guerra, Joe R. Gutierrez, J. P. Inman, Abel Jiminez, Henry T. Kruser, James T. Landrum, Ben A. Lobato, Saturino R. Lopez, Bonifacio G. Martinez, Francisco G. Martinez, Jack Martinez, David Muela, Jose Ojeda, Joaquin Pineda, Dewey E. Pruitt, Thos. W. Pugmire, Lawrence Roderick, Antonio E. Rodriguez, Jesus M. Rodriguez, Oscar L. Rodriguez, Rufus Rutherford, Fred R. Sardoval, Joe Servantes, Tony E. Silva, Albert D. Smith, Jobe F. Sullivan, Manuel R. Toro, Domingo C. Torres, John N. FUNDS ARE DENIED FOR HOSPITAL CONSTRUCTION HERE

The Washington Township Hospital District this year will not receive an allocation of state and federal funds for construction of a hospital here. This information was received Wednesday by President L. S. Whitaker of the local hospital district board in a telegram from Dr. Wilton Halverson, head of the State Department of Public Health.

However, the Eden Hospital District in the Hayward-San Leandro area did received a grant of the state and federal funds.

Tihs week's decision of the state Hospital Advisory Council is the second set-back to construction of a district hospital in Washington Township with state and federal assistance. Last year's application also was denied.

"We were confident our application for funds would be approved," stated President Whitaker. "Distances from Washington Township to city hospitals are greater than from Eden Township. Our population of 20,000 is in urgent need of local hospital facilities."

Whitaker said, "We will continue our efforts to secure hospital aid next year. Federal funds were granted to states in the first place to aid rural hospitals. Although we do not question the Hospital Advisory Council's judgment in the allocations it has made—in some instances to city hospitals—we feel that by continued effort our real needs will be recognized by the council and that funds will be allocated to this district."

Construction of a hospital in the Eden district, between Hayward and San Leandro, will be of practically no benefit to Washington Township, it has been pointed out by local doctors.

COUNTY APPROVES PARALLEL PARKING

The endorsement of the county surveyor's office on the proposal of the Irvington Chamber of Commerce to inaugurate parallel parking throughout the community was received this week.

At the Tuesday luncheon meeting of the Chamber a letter from Wallace Boggs, county surveyor, was read to the group. In his letter Boggs stated, "I believe it is a desirable move in relieving traffic congestion. I am directing Roger Griffin (a staff member) to visit Irvington and get detailed information."

The Chamber voted endorsement of the proposal for a township-wide Chamber of Commerce and President Rowan Henry stated that he would announce the appointment of three members to meet with representatives of the other Chambers at the conclusion of next week's regular meeting.

Carl Christensen and Dr. E. M. Grimmer were named to a committee to consult with county officials regarding the cleaning of the channel of the creek that flows through the business and residential sections of Irvington.

ROTARIANS PROVIDE BUSES

The students of St. Mary's of the Palms School will have an opportunity to attend the circus coming to San Francisco, thanks to the Niles Rotary Club.

Dr. E. M. Grimmer introduced the project of providing transportation for the children and when it was found that the budget did not provide funds for such a project, substantial contributions were pledged and two buses have been ordered and placed at the disposal of the school on circus day.

ADDITIONAL FIRE HYDRANTS NEEDED

A minimum of eight additional fire hydrants are needed in Irvington to assure adequate fire protection, according to the Irvington Fire Department.

In a discussion of fire fighting facilities Monday evening at their regular meeting, it was pointed out that there are now many homes in the community which are too far removed from the nearest fire hydrants.

Al Peixotto, assistant fire chief, was named to make a more complete survey of the town and to meet with the members of the Alameda County Water District Board to request the additional hydrants.

Mentioned specifically at Monday's meeting as locations where hydrants are needed were: The road connecting Roberts Street and San Jose Avenue; Holland tract; Main Street and High Street.

KATHLEEN RODRIGUES

Kathleen Roberta Rodrigues, six months' old daughter of Mr. and Mrs. Robert Rodrigues of Kraftile Road, Niles, is already exerting her feminine wiles, even at such an early age. She has lovely dark eyes, and she uses them with all the adeptness of a confirmed flirt.

There is nothing shy about Kathleen. She loves people, and screams in delight when anyone comes to see her. She is especially fond of her two-and-a-half year old sister, Barbara Toni. This may be accounted for, in part, by the fact that Barbara Toni has the most fascinating teddy-bear to whose charms Kathleen has completely succumbed.

Kathleen's favorite pastime, in addition to eating which she does with great gusto, is chewing on her foot or shoe. Her foot, so far, is even more entertaining than the teddy-bear and will keep her absorbed for hours.

She is lucky in having both sets of grandparents living right here in Niles. They are Mr. and Mrs. Paul Harting, and Mr. and Mrs. Vernon Carey.

HUSKIES OPEN SEASON SEPT. 30

COMPETITION KEEN FOR ALL BERTHS ON HUSKIE SQUAD

With all but six of his 1948-49 conference championship football team lost via the graduation route, Coach Jud Taylor is racing against time this week to mold a winning combination out of a volume of inexperienced material.

Several newcomers to the Washington gridiron stood out in preseason drills this week but Taylor expects to be greatly handicapped in "depth," by way of replacements.

GOOD PASSING ATTACK

The Huskies' line should be one of the best in the Santa Clara Valley Athletic League with veterans in every position except the two guard posts.

The Washington lads are expected to have a strong aerial attack this season with veterans George Silveira and Don Pine at the end positions.

Big Merle Runolfson and William Funk, who were stalwarts of last season's mightly line, will be back in the tackle spots and are expected to prove a tough pair for opposing backfields.

Big, lanky Ed Gurley will again be back as the ball snapper, making the center of the Huskie line a danger zone for opposing ball carriers.

In the backfield Coach Taylor has but one veteran, Efrend Alvarado, quarterback.

Shaping up as most likely to get the nod for the starting line-up in the backfield are Sabe Elizarrey and Pat Francis, half-backs, either man with the speed to develop into a "scat" back if Taylor can develop their broken-field running ability.

OPEN SEASON SEPT. 20

Rotating at the fullback spot are Jack Brides, hefty 200-pounder who will specialize in ripping open opposing lines and also is showing considerable ability in flipping passes, and George Pagan, spot-passer and shifty ball-toter.

Other Huskies who will see considerable service this season are Bob De La Torre, halfback, Paul Beisse, end, and Len Salvador, guard.

With the opening game against the reserves of Poly High of San Francisco but a week away, Coaches Taylor and Clyde Voorhees have let it be known that all berths on the starting line-up are 'open" and competition among the squad of more than 50 varsity candidates is running high.

THEY'LL PACK THE MAIL . . . With Quarterback Efrend Alvarado (left) the only backfield veteran on the 1949 grid squad, the quartet shown about is deemed most likely to get the nod of Coach Jud Taylor as the starting backfield in the season opener against Poly High, San Francisco, on September 30. Running interference for Fullback Jack Bribes, in addition to Alvarado, are Sabe Elizarrey and Pat Francis.

IRVINGTON DOWNS JEFFERSONS 14-15

The Irvington Merchants nosed out the San Francisco Jefferson baseball club 15 to 14 in a dusty, base-running contest Sunday on the Irvington diamond.

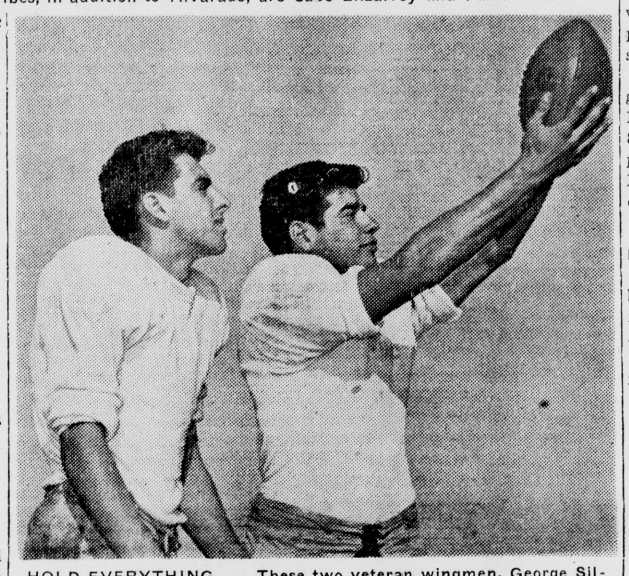
A single by Ralph Chapman in the ninth inning with two away and Marshall on second broke the 14-14 tie and gave Irvington the victory.

Sabe Elizarrey, Washington High School pitching ace, started on the mound for Irvington and was relieved by John Garcia at the end of the third with a lead of 11 to 4.

Garcia encountered difficulty in holding the visitors and when he was replaced by Stanley Roderick in the 7th frame the Irvington lads were trailing 14 to 12. Roderick held the visitors scoreless for the remainder of the game.

Manager Frank Mayer said yesterday that his team will be idle this week-end with all the members of the club being guests at the wedding of one of their teammates, Laurence Rogers of Mission San Jose.

The Waterton-Glacier International Peace Park was established in 1932 jointly by Presidential proclamation as authorization by Congress and by the Canadian Parliament.



HOLD EVERYTHING . . . These two veteran wingmen, George Silveira and Don Pine, are known for their ability to hold any pass they can get their fingers on, and are expected to spearhead the Huskie aerial attack this season. Pine demonstrates to Silveira his technique of "gathering in" the pigskin in the picture above.

BODYGUARDS . . . Plenty of protection for Fullback George Pagan, to allow him time to get away his passes, will be afforded by the center section of the line, Len Salvador, Ed Gurley and William Funk.

GRID MENTORS . . . Looking over the new prospects are, left to right, Irving Hird, B squad coach, Jud Taylor, head varsity coach, and Clyde Voorhees, assistant varsity coach. Prospects for the season are not as bad as the expressions of the three mentors might lead one to believe, rather the scowls can be blamed on a glaring sun.

Sportsmen's News

California pheasant hunters may have more state-raised game birds to shoot at during the 1949 season than ever before, reveals the Division of Fish and Game.

By the end of August, game farm crews, assisted by local sportsmen's groups in some areas, had liberated 38,810 upland game birds throughout the state.

Carl VanOrnum, division game farm chief, reports that 40 per cent of the male pheasants will be released on areas where landowners have agreed to permit public hunting. Balance of the expected record annual output will be liberated in suitable habitat in 48 counties.

As in the past, operators of private game management areas will purchase birds from private sources.

Based on spring and summer game farm production, this year's liberation goal has been set at 82,700 birds. Approximately 95 per cent will be Chinese pheasants. Last year's all-time record release of game farm birds totaled 75,787.

EL DORADO COUNTY TROUT

Trout anglers using flies have been enjoying excellent sport during the past week along Pilot and Gerle Creeks in El Dorado County. Those using bait have made some good catches on Spider Lake in this same area.

STEELHEAD TAKEN

A few steelhead have been taken recently along the lower portions of the Eel River in Humboldt County.

SPORT FISHING GOOD

Sport fishing has been good during the past few days in the waters off Santa Catalina Island. Anglers have landed many tuna and a fair number of yellowtail and barracuda.

TROUT ANGLERS HAVE LUCK

Trout anglers have enjoyed good luck during the past week on Scotts Flat Reservoir and McMurray Lake and along the Middle Ford of the Yuba River in Nevada County. Fishing in this area generally seems to be improving.

SALMON RUN

A good run of salmon has been on during the past few days just off the Marin County and Sonoma County coasts. Most fish are of a good size and the catches have been large.

SCOUTS TO HOLD NATIONAL ROLL CALL

September 25 to October 1 has been set as the week for the national roll call of the Boy Scouts of America. Local Cub Packs, Scout Troops and Explorer Posts will join with units across the nation in holding official inspections and roll calls during that week. Scout commissioners and members of the Southern District Committee will conduct the inspections.

The Roll Call will establish and check registration of every unit in the nation as of the time of the event. It is one phase of the national crusade of the Boy Scouts of America to strengthen the arm of liberty.

Detailed uniform inspections are planned to bring all packs, troops and posts up to standard in the matter of personal appearance.

CENTERVILLE BOYS SEE COLLEGE GAME

Sixth, seventh and eighth grade boys of the Centerville Elementary School attended last Saturday's San Jose State-Stanford football game at Palo Alto.

The trip was made possible through the cooperation of the Centerville School Parent-Teacher Association.

Principal Tom Maloney accompanied the boys.

OLDER SCOUTS TO RECEIVE CERTIFICATES

At the Roll Call Inspections to be held in scout troops throughout the Southern District, September 25 to October 1, 150 local Scouts 14 years of age or older will receive certificates changing their status from Boy Scouts to Explorers.

W. Edwin Hobson, local field commissioner of Explorer Scouting, this week released to Explorer leaders a copy of the ceremony to be used. New Explorer certificates are now ready for presentation at the Roll Calls, acording to Hobson.

In line with the age requirement change, Explorer Posts may now register Explorers at 14 years of age. Previous requirement was 15 years of age.

LOCAL SCOUTS ENTER ORDER OF THE ARROW

Leonard Brown, Filepe Balteria, and Larry Lamoreux were among several Boy Scouts recently honored by election to the Honorary Camping Brotherhood of the Boy Scouts of America, Order of the Arrow. Brown and Balteria are in Centerville Troop 1, and Lamoreux is in Niles Troop 2.

Order of the Arrow Ordeal ceremonies were held at an undisclosed site last week-end, according to Frank Zografos, local lodge chief.

LIVESTOCK FEED MEETING SLATED

In response to the request of stockmen and dairymen, a meeting dealing with the subject of the bulk handling of feed will be held at Washington Union High School on Wednesday, September 28 at 1:30 p.m.

The meeting, to be held in the Visual Aids room of the school, will be presided over by Walter H. Johnson, assistant farm advisor of the University of California Agricultural Extension Service. Ralph Parks, extension specialist in agricultural engineering, will present an illustrated talk covering methods of handling, equipment necessary, probable costs, labor requirements and many other factors concerned with the bulk handling of livestock feeds.

All stockmen are invited to attend.

Niles Men on Hunting Trip

Four Niles nimrods took themselves off to the Sierras last weekend for a deer—or possibly four—while their wives stayed home to keep the charcoal burning or the electric oven, or whatever, waiting for the "kill."

The four wives have been cooking the usual steaks, chops, and stews this week—none of them concocted from venison.

The four nimrods said, nevertheless, that they had a fine time. They were Dan Bodily, Bill Fassnacht, Paul Merrill and C. D. Bellati.

Visiting Parents in London, England

Mrs. Vincent Noack and daughter Sharon, of Visalia, former residents of Irvington, left this week via plane for a visit with her parents in London, England. Mrs. Noack, an English war bride, arrived in Irvington on July 3 to make her home. She and her daughter will visit in England for four months.

Bridal Shower for Miss Loretta Lewis

Miss Loretta Lewis, whose marriage will take place on October 9, was the guest of honor at a miscellaneous bridal shower given for her last Monday evening by members of the choir of Corpus Christi Church.

The party was held at the home of Dolores Rose.

Mrs. Donald Lemos (Alba Mae Costa) shared honors with Miss Lewis by being the recipient of a handsome floor lamp. The belated gift, a complete surprise to her, was given because the choir had not been formed at the time of her marriage.

Those present were choir director and organist, Mrs. Clarence Crane; and the following members: Loretta, Edna and Charlotte Lewis; Amelia and Mary Rosalia Silva, Duilinda Duarte, Cora Perez, Katherine Viveiros, Shirley Butler, Diane Avakian, Virginia Riggs, Mrs. Lemos and Mrs. Edward Mara.

Wedding Bells for Myra Burnsed

Wedding bells will ring this week-end for Myra Burnsed, daughter of Mr. and Mrs. A. T. Burnsed of Irvington, and William Pennington, also of Irvington.

The young couple may have the nuptials solemnized at Reno, although they have not yet definitely made up their minds.

Both are well known, not only in Irvington, but throughout the township.

Stanleys Have Son

At home with their new son are Mr. and Mrs. Joseph R. Stanley of Irvington. The lad, named Richard Alvin, was born September 9 at Community Service Hospital in San Jose.

'PAT' HARROLD'S ENGAGEMENT ANNOUNCED AT GARDEN PARTY

Luncheon napkins, on which were imprinted "It happened in Sun Valley" were used as the means of announcing the engagement of Eleanor Harrold, daughter of Mr. and Mrs. Herbert Harrold of Decoto, to John A. Thomson, son of Mrs. Lewis Thomson of St. Louis, Mo.

The luncheon and swimming party for almost 75 guests took place at the Harrold home on Whipple Road last Sunday. At the sight of the napkins, the guests understood that Mrs. Thomson had come from Pasadena for the week-end to be present at the announcement party. It was at Sun Valley that the couple first met last winter, and they are planning to be married before the end of the year.

Eleanor, or "Pat" as she is known by her family and friends, is a graduate of the University of California, where she was affiliated with Gamma Phi Beta sorority.

Her bridegroom-to-be was graduated from Washington University and from the Harvard School of Business Administration. During the war he served as a captain in the Army Air Corps in the European Theater of operations.

After a honeymoon trip to the north, the couple will return to make their home in Centerville.

Local Couple On Honeymoon

Julius "Red" Berchem, and "Bunny" Ferreira of Niles surprised all their friends here in the township by announcing that they were married last Sunday at Carson City, Nevada. The honeymooners are now enroute to Manhattan, Kansas, where Mr. Berchem will complete his veterinary course at the University of Kansas.

The Winnah!

Giles of Irvington came home with the blue ribbon from the Santa Clara County Fair last week, as their mare, "Vitha Pegasus" nosed out all the other horses to capture first place in the harness racing. Pegasus will go on to the Pomona Fair, and then on down to Hollywood Park, hoping to chalk up more honors.

YOU HAVE A DATE!

You don't have to know how to dance. You don't have to "dress up." You don't even have to know anybody. This party is absolutely painless. What's more, it's free!

We're speaking, of course, of the beginners' folk-dancing group starting tonight (Friday) at the Niles School, at 8 o'clock.

The class, for all those from 16 to 80, with or without escorts, is being instructed by Mrs. Frances Mara, who promises that she will "take it easy" this first time so that you won't go home with any sore muscles.

The class is under the sponsorship of the Adult Education program of Washington Union High School.

DESPERATE NEED FOR GREY LADIES

"Surely, there must be many women in this township between the ages of 35 and 50 who would be glad to assist our veterans at the Veterans Hospital in Livermore," said Mrs. Clarence Crane this week in an attempt to enlist the services of local women in the Grey Ladies corps of the Red Cross.

There is a desperate need, she stated, for more women, to perform such services for the hospitalized vets as shopping, reading to them, writing letters, etc.

"The work is not strenuous," said Mrs. Crane, head of the Grey Ladies here, "and whatever time is given is so much appreciated by the boys that those who perform duties for them are paid a thousandfold in their heartfelt gratitude."

LEADERS FOR GIRL SCOUTS NEEDED

An all-out campaign to recruit adult volunteer workers in the five districts of the Hayward Area Girl Scout Council, which includes Washington Township, opened this week.

Every resident interested in youth is asked to offer active support to the program to support the aims and ideals of Girl Scouting. Support of the drive has been pledged by schools, civic groups, churches and P.T.A. groups.

Mrs. Wilda Andrade, recruitment campaign chairman for Washington Township, said, "Not only do we want to reactivate troops that are now without adequate guidance, but we must find a way to give those now waiting to enter Girl Scouting the adult assistance so needed."

Assisting Mrs. Andrade in heading the drive in this area is Mrs. Rae Lamoreux.

AUXILIARY TO INITIATE MEMBERS

An initiation for wives of new firemen will be held by the Ladies' Auxiliary of the Irvington Fire Department at the next meeting of the club of October 12.

Those to be initiated include Mmes. Anne Faria, George Leathers, Walter Connolly, Thelma Sinclair and Alberta George.

Nomination of officers was held at the last meeting, and the following elected: president, Belmeda Sylvia, succeeding retiring president Mrs. Evelyn Peixioto; vice-president, Wanda Leal; secretary, Ann Rose; treasurer, Pearl Guardanapo.

Installation ceremonies will be held at the next meeting, which will also be a very special occasion as it marks the tenth anniversary of the club. On October 3 a pot-luck supper for the firemen and their families will be held in observance of the anniversary. Mrs. Lucille Day is chairman of arrangements.

Mrs. P. A. Rowe was visiting her sister, Mrs. Joseph Champion, this week in Niles. Mrs. Rowe's home is on Belvedere Island.

PROUD PARENTS

Mr. and Mrs. Paul Garcia, formerly of Decoto and now of Berry Avenue, Hayward, are as proud as can be for they were presented with a baby girl on Friday morning at the Hayward Hospital. Little Carol Ann has a brother who is 3 years old and has the honor of being the first granddaughter on both sides of the family. Grandparents Garcia of Third Street now have six grandsons and one granddaughter. The baby tipped the scales at 8 pounds, 8 ounces. Congratulations.

IN THE CAR PARADE

One can not say Decoto isn't included in the fashion parade of new 1949 cars, as three more are added to the large list. They are Mike Garcia, Joe Andrade and Mr. Rebello of the Niles Highway.

TO BOULDER CREEK

Mr. and Mrs. Joe Carey motored to Boulder Creek Sunday where the weather was beautiful. They also went to Santa Cruz where the fog was thick but that didn't prevent their enjoying a dinner on the wharf.

A SECOND RUN-AROUND

Three years ago a group of local men. working as the Washington Township Planning Committee, set out to lay the groundwork for establishing a hospital here.

It was learned then that a publicly-owned hospital could not be built here except by a district—and the state law was so written that a hospital district could not be organized in a county of more than 200,000 population.

So the Planning Committee gave every effort to securing amendment of the State Hospital District Act in order that a district could be organized here. The committee's work was successful and the act was amended.

Then a larger committee was formed to campaign for establishment of a district here, and township voters decided 3-to-1 in favor of the district.

A highly capable board of directors was selected and application was made for a grant of state and federal funds to defray two-thirds of the cost of constructing a hospital. The state Department of Public Health denied the request.

This year the application was renewed—and again the state denied it.

The Register feels that the Washington Township Hospital District is being dealt with unfairly by the state. Had it not been for the work three years ago of the committee in securing amendment of the Hospital District Act, a number of grants which the state has made in the last two years to other areas would have been impossible.

Thus Washington Township has repaired the inadequate legal machinery of the act, only to be denied the benefits of its use.

It is a bitter medicine that the State Department of Public Health has given us in these last two years. We are pleased, however, that the state's overlooking us has not affected the determination of our hospital district directors to continue pressing for the state and federal funds which are due us.

Next year we'll try again.

Thinking Things Over...

By VIVIAN BATMAN

SOCIAL ERROR

I seem to have come in for a bit of criticism because of a social item in last week's Register, relative to the Batmans entertaining and serving a "delicious dinner." I didn't mean it, honest! I have written so many items in the past five years that concluded with "and a delicious dinner was served," that I thought, "Why not! I'll do it just for fun!"

But some people took me seriously. They really did They probably thought "what a conceited, vain, boasting so-an-so SHE is."

THE ENEMY ARRIVES

This is the time of year that I dread. Everywhere I go, those horrid little fruit flies swarm up. Their origin is shrouded in mystery, so far as I can see. I opened a box of aspirin the other night, and p-f-f-f-t! out came some fruit flies. They're everywhere. When you sit down to a dish of strawberries, it's a race between you and the winged pests—and they usually win.

Spraying seems to do no good—at least in our house. They thrive on it. At any rate, five minutes after we've sprayed there they are again.

I am forming an organization. It's to be named "The Society for the Prevention and Complete Extermination of Fruit Flies." Anyone care to join the SPCEFF? To be eligible, you must HATE fruit flies, with all the hatred that you can muster. Charter members are being accepted now.

POOR DEER!

I am in disrepute with my older son. An avid sportsman—or at least a potential sportsman, as he does not yet have that necessary adjunct, a .45, or whatever weapon it is they need—he thinks that I am falling down entirely in my civic obligation by not contributing to the Welfare for Deer fund.

Now I ask you, I contribute to the Red Cross, Community Chest, Polio Fund, not to mention the largess I dispense to the wistful-eyed, hungry-looking knights of the road, now why should I have to worry about the deer? Why can't the deer stay up in the hills where they belong and let us humans alone? Who promotes this "welfare for deer?" Must have been the deer themselves. And what's the matter with them, that they need welfare? Every deer I've seen looked contented, albeit in a startled sort of way.

Now of course if there really IS a welfare-for-deer fund, and if any of you sportsmen feel the same way about it that my son does, then I'm only kidding! (After all, you DO carry .45's, or whatever, don't you?)

THIS IS OUR WAY

There is a current safety campaign being conducted in the township that is the most unethical form of advertising-getting I have ever seen. All for the love of safety, a merchant is asked to spend his dollars, or a chamber of commerce is asked to put its endorsement, on a project that is purely a money-making venture.

The Register has promoted safety for years. Look back in the files and read how we've campaigned for traffic-crossing lights, for railway wig-wag signals, and for many other projects connected with safety. And for our campaign, we never asked a dollar! We used the space in The Register for this purpose with no misgivings. We had no regrets that we had not SOLD the space for safety, rather than GIVEN it away.

Safety is a vital issue, always. It should be uppermost in people's minds.

However, I am proud that we try to promote safety through the editorial columns of our paper, and not through the advertising columns.

FOR WOMEN ONLY

To you wives who have been having trouble persuading your husbands to attend the folk-dancing session beginning tonight (Friday) at the Niles School—let me suggest a sort of campaign. (I'm assuming, of course, that you really want your husband to go. Or don't you?)

Anyhow, here is the procedure in this order: (a) when he comes home in the evening, run and get his slippers, saying, "Here, dear, rest a while."

(b) Then offer him a tall, cool glass of lemonade, or whatever is his favorite beverage. (c) Push him gently down into your most comfortable chair.

Then (d) while you are cooking his dinner of T-bone steak and french fries, to be followed by apple pie a la mode, be solicitous of him. Say, "What dopey thing did that mean old boss of yours do today, dear?"

Continue with, "You're such an intelligent man. One of these days YOU'LL be boss and you'll be telling that old goat where to get off!"

Then (e) smooth his brow and say (this will kill you but do it anyhow), "Why is it, dear, that when so many other men of your age are starting to get bald that you—why you have the most wonderful head of hair!"

This will finish it. At this point, one of two things will happen. He will either be putty in your hands and you can lead him right over to the school to start dancing, or he will call the doctor and you will find yourself in bed with his (your husband's) hand smoothing YOUR brow and murmuring, "There, there, honey, everything's going to be all right. Take it easy, now, take it easy. Maybe you need a vacation or something. You've been working too hard."

This method, of course, is only for the FEW husbands. Most of them realize that they'd better start folk-dancing or their wives will go ahead themselves, and the first thing you know some stranger will come up and say, "Oh, your daughter! What a charming young woman!"

HOME ARTS GROUP TAKES NEW MEMBERS

Meeting last Tuesday evening at the Country Club house, the Home Arts Section of the club voted to increase its membership to 35.

By this decision, five new members were taken in: Mmes. John Whipple, Merle Buehler, Eugene Manning, James Emerson and William Clark.

The Club also decided to continue holding their meetings in the club house, rather than to revert to a former custom of holding meetings at homes of members.

Hostesses for next month's meeting will be Mmes. Lyle Buehler, Tom Robbins, and Irving Hird.

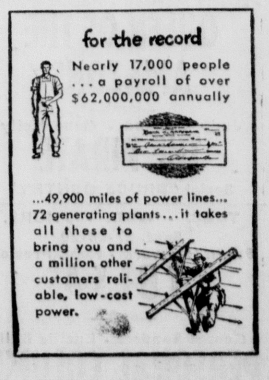
Can you think of anything else that
Does so much . . costs so little?

Vacuuming six room-sized rugs for a penny's worth of electricity... that's one example of how P. G. and E. service gives you your biggest household bargain in these days of high-cost living. Matter of fact, it's the best gas and electric buy in the nation.

Bay region people, for instance, pay less for service than those in any other of the country's 25 largest cities. And P.G. and E. farm rates are much lower than the national average for all utilities—including tax-free cooperatives and government-owned systems.

Remember back when it took the best part of a day to wash-board the clothes? Now a penny will buy the electricity to scrub two tubs of laundry. All you do to put it to work is touch a switch.

For fun as well as work, P.G. and E. service is a budget-stretcher. You can hear five of your favorite radio programs for a penny. Can you think of anything else that does so much for so little cost?



for the record
Nearly 17,000 people ... a payroll of over $62,000,000 annually
...49,900 miles of power lines... 72 generating plants... it takes all these to bring you and a million other customers reliable, low-cost power.

P. G. and E. SERVICE — does so much . . . costs so little

CENTERVILLE TO GET WATCHMAN'S CLOCK

The Centerville Chamber of Commerce at its luncheon meeting Wednesday authorized the purchase of a watchman's time clock for the community night firewatch.

The clock, with five stations at which the watchman will log his time, is to be purchased through Edgar Van Scoy, Centerville jeweler.

Louis Amaral, member of the Alameda County Water District, was a special guest at the meeting and outlined briefly the meeting held the previous evening at the high school.

President Dallas Paul called a special meeting of the Board of Directors at the close of the regular business session to recommend three representatives to be named to assist in the formation of a township-wide Chamber of Commerce. Names of the representatives will be announced at next week's meeting.

MISSION SAN JOSE NEWS

SATURDAY NUPTIALS

Saturday afternoon at St. Joseph's Church at one o'clock, Miss Loretta Santos, daughter of Mr. and Mrs. Alvin Santos of Irvington, became the bride of Elmer Raphael of Livermore at a simple but beautiful ceremony with their best friends, Mr. and Mrs. Ernest Silva, acting as best man and matron of honor.

The bride was becomingly attired in a lovely fall suit of beige with brown accessories and wore an orchid corsage and carried a rosary and prayer book. The matron of honor wore a brown suit with beige accessories. Both hats were alike, one brown, one beige. The benedict and his best man both wore beige suits.

The new bride is a graduate of the Irvington school and Washington Union High class of 1949. He is a graduate of Livermore schools. They will make their home in Irvington.

PRIZE WINNING FLOAT

Forgotten for last week's column is the following very noteworthy event which we of the Mission are especially proud, as many of our townspeople and one in particular participated. All the week before Admission Day many of the ladies were busy making paper poppies and on Thursday evening they all met in front of Grandmother Andrade's home and began the long task of decorating a float for the Admission Day parade in San Jose. It was the work of the Native Daughters, Betsy Ross Parlor, of Centerville.

WINS TRIP TO FAIR

David Koelsch, our Tribune boy for the Mission, was proud as a peacock a week or so ago for he earned a chance to go to Sacramento with all the rest of the carriers from the bay area. They attended the fair for free and enjoyed a wonderful day as the guests of the newspaper.

VISITING HERE

Mrs. Howard Seeger Jr. is spending a few weeks here at the home of Mr. and Mrs. Ace Cordeiro. She is from Yuma, Arizona, former resident of the Cordeiros.

FAMILY SCATTERED

Mrs. Ida McCann of San Leandro and son, Stephen, spent a day and night here at the home of Mr. and Mrs. Delmar Stotts and family. She will be remembered as Miss Ida Souza. Her husband is still in the navy somewhere in China at present. Her other son, Jimmie, is in Idaho with his grandmother, the former Mrs. John Souza. Her brother Clarence is at Okinawa in the army and Billy is living with an uncle in Los Angeles.

OVERNIGHT GUEST

John Pat Recends came home from Sacramento one day last week where he had been visiting his aunt and family, and stayed overnight, returning to his new job in that city.

ON YEARLY VISIT

He just can't stay away from the good old state of California so again this year Albert Morowiski of Attelboro, Massachusetts, is spending a week with Reverend John Leal in another of his yearly trips across the continent.

VISITS PARENTS

Mrs. Mamie Conn of Stockton spent the day with her parents, Mr. and Mrs. J. F. Medeiros of Ellsworth Street recently.

MRS. SEMAS ILL

We are indeed sorry to know that Helen Semas, co-owner with her husband, Joe, of Helen's Fountain Lunch here in town, is laid up at her home with a severe case of infection. She bumped her leg against a box, resulting in a bruise that caused all her trouble. It doesn't seem right for in the past 20 years we have never seen Helen laid up. Mrs. Francis Enos, Joe's mother from Selma, is here helping at the home. Mildred Steele is taking over the cooking at Helen's Lunch and Mrs. Neeley helps out during the rush hours.

WEEK-END GUESTS

Mrs. Fred Groh, the former Helen Amaral, and son of San Francisco spent the week-end here at the home of her mother, Mrs. Amelia Amaral on Bryant Street.

82nd BIRTHDAY

"Happy Eighty-Second Birthday" to you, Grandmother Sarah Boggini. So it was on September 14 when ice cream, cake and coffee were served at the family home by Mrs. Jo Chambers and daughter, Beverly, to relatives who came once again to wish Grandma many more. Those present were Matt and Katy Whitfield of Centerville, Tom and Rose Boggini and son Tommie of Pleasanton, Peggy and Clyde Voorhees and Jeff and Jill of Centerville, Tiny and Verna Silva and David of Newark, Alby and Muriel Silva and son Dale of Hayward, Mr. and Mrs. Joe Boggini of Gilroy, Mary and Augustine Williams, Mrs. Rose Rose and granddaughter Kathy, Frank and Annie Silva of Sunol, Nonie and Weezer Fernandez, and Ronnie and Ed Chambers.

WRONG GUESS

"Let's go down to Mission San Jose," said Mr. and Mrs. Ed Crook of Lincoln, "where it is nice and cool," but when they arrived here to visit Mr. and Mrs. Manuel Phillips and family on Saturday they decided they had done a wrong way Corrigan. Anyway they visited the fair in San Jose on Saturday evening and on Sunday motored to Half Moon Bay and San Francisco and vicinity. It was better on the coast.

VISITING PARENTS

Mrs. Walter Catalano of Marysville, the former Alice Reis, daughter of Mr. and Mrs. John Reis of the Mission, is at home for a few days while husband Walter undergoes another of his regular check-ups at the Veterans' Hospital in Oakland.

BIRTHDAY DINNER

Manuel Brown spent a nice birthday evening at his home here with his son, Jimmie, and his wife, Edna, and little Bert of Hayward, Joe and Mary Marks and Mrs. Rose Souza in to have dinner with him and then an enjoyable evening of cards. Mamie Brown served the very delectable dinner for her friend husband.

FIRST VISIT IN 30 YEARS

When the anniversary Holy Ghost was celebrated here last week Mrs. Annie Bettencourt of Sausilito came over to spend the week-end with her sister, Mrs. Manuel Brown, and enjoyed her first visit with old time friends in thirty years.

SCHOOL NEEDS REVEALED

A special meeting was called on Monday afternoon for the Mothers' Club of the Mission Grammar School with a very small attendance, so on September 29 at 7:30 p.m., everyone interested in seeing Mission Grammar School grow and in helping to make the Mothers' Club a success, is cordially invited to attend. At this first meeting of the new school year Mrs. Marie Baptist, president, conducted the meeting and many problems were discussed, among them the changing of report cards which Principal Click is very urgent about, the problem of getting new and trusted chairs before they can get insurance for the school children and the problem of an election of new officers which will take place in the near future.

SURPRISE VISIT

Walking in on the family as a complete surprise came Mr. Tom Chambers from Loomis on his 66th birthday, to see his son and family, Mr. and Mrs. Ed Chambers, and grandchildren, Ronnie and Beverly. He will stay a week or so. He says it is just as hot here as there in the Valley.

UNDERGOES SURGERY

Weezer Fernandez, who was unable to get into the Navy last year because of a bad toe, has been undergoing surgery for it, so soon he hopes to be accepted.

'BUT OFFICER . . . I'VE BEEN SICK'

There are times that one might be led to believe that Washington Township is an unhealthy place in which to live, so thinks Deputy Sheriff Henry Vervais.

Upon Officer Vervais' shoulders fell the responsibility this week of serving jury summons to 80 persons, calling them as prospective jurors in the two cases slated for trial in Centerville Justice Court yesterday and today.

Officer Vervais, in making his round of homes serving the summons heard some heart-breaking stories of the inability of many persons to serve because of everything from rheumatism to whooping cough.

But, alas and alack, the trial must go on, there must be a panel of 40 prospective jurors for each day's trial, so—there were 40 in the Justice Court yesterday and 40 more today to fulfill their duties as citizens.

ARMY ENGINEERS

(Continued from page 1)

He reported that he had been assured adequate rights-of-way by landowners involved.

RECOMMENDATIONS

"Alameda Creek bed is badly silted and in time of a flood could carry less than one-third of its previous capacity," Patterson stated.

Wallace Boggs, county surveyor, submitted letters from George T. Miller, U. S. Congressman from this district, and Arthur Breed Jr., state senator, stressing the importance of a flood control plan here.

LOCAL SPEAKERS

State Assemblyman Francis Dunn Jr., addressing Colonel Tanday, stated, "I urge that you make your recommendations to the federal government requesting that a new survey be made of this area."

Other speakers included: Lawrence Bunting, representing the gravel companies; Deputy District Attorney Moore; George Roeding, Niles nurseryman; Louis Amaral, representing the farmers of the Alvarado-Alviso district; Claire Lopez, representing the Leslie Salt Company; Edwin Orloff, representing the Pleasanton area; and H. F. Harrold, engineer for the Alameda County Water District. who summarized the needs of the local area.
